**THE STEELESQUE SESSIONS**

AMERICANA / ALT-COUNTRY | SYNC & LICENSING EPK | 2026

## ABOUT THE RECORD

---

The Steelesque Sessions is Rob Eldridge breathing new life into songs that remained important to him long after their original release. Originally recorded as Toro Toro by Pittsburgh-based Steelesque, the six-song collection reflects Eldridge's interpretation of the alt-country tradition.

With Steelesque no longer active, Eldridge brought the songs forward under his own name - giving the material another life while paying homage to the musicians who helped realize his original vision.

**NOT A REWRITE OF THE PAST. A NEW LIFE FOR THE SONGS.**
